

# SYTLE 300

Braided from continuous Aramid filament, Style 300 is impregnated with PTFE and a proprietary inert lubricant. Our unique braiding technique makes our Style 300 easy to cut and install, with excellent braid retention. Style 300 is also non-staining and non-contaminating packing with excellent heat dissipation properties. The high tensile strength of Aramid fiber makes this packing ideally suited for slurry or any abrasive service where media is extremely aggressive.

<b>CONSTRUCTION</b>	Interlock Braid	<b>SHAFT SPEED RAFTING</b>	2500 FPM / 12 MPS
<b>TEMPERATURE RATING</b>	500°F / 260°C	<b>PRESSURE RATING</b>	500 PSI / 34 BAR
