

STYLE 4000

Braided from a blend of carbon yarns, Style 4000 is impregnated with a proprietary blocking agent. Designed to be highly durable and easy to install, Style 4000 packing is also a non-staining, self-lubricating packing. Our unique blend of Carbon yarns ensures extremely low shaft wear, while maintaining excellent heat dissipation. Typically used for severely caustic or corrosive media, this packing is suited for almost any high speed/high temperature pump or valve.
